

We Grow Through Connection

NETBALL PROGRAM

Our Netball Program, which launched in Term 2, 2025, has been going from strength to strength. Held on Thursday mornings before school, the program continues to grow in both skill and popularity under the expert guidance of highly respected coach, David Sollberger.

David's netball journey began after a successful basketball career as a teenager. Since making the switch, he has never looked back. A passionate and accomplished player, David represented Victoria and captained the U19 Victorian Men's team to a National Championship. He also competed in three national men's netball tournaments.

With over 20 years of experience playing mixed netball and four years coaching at Pakenham Lions Netball Club, David brings a wealth of knowledge to our students. He holds an Intermediate Netball Australia coaching qualification and currently coaches both U15 and Open D Grade teams.

David is committed to helping all players—whether beginners or aspiring high performers—get the most out of their experience. He strongly believes that sport plays a vital role in personal development, both on and off the court.

The Netball Academy is open to both boys and girls in Year 7.
